### **Our approach to training**

Polo & Tweed believes that the quality of the training is key to deeper understanding. We teach in either private one-to-ones or small groups, as we believe that this way the student is able to ask as many questions and spend as much time as they require on the areas they find challenging. Each student is unique, and we understand that with many students English is a second language, therefore we give them the support and guidance they need. Practical application is key, and although we encourage students to take notes, we focus the training on practical application. After all service is a fine art and must be practiced until perfect!

## **Certification**

At the end of each training course, the student will be awarded a full certificate with the dates of the training and the specific training modules completed. We will present the student with a gold frame certificate and a digital copy will be sent for the student's records. If a venue or company would like to be awarded a certificate for having their staff participate in the training this can also be arranged at request.

#### **Joseph - January 2021 - Silver Service - Private Training**

Upon making first contact with Polo & Tweed until completing my Silver Service Training Course my experience with this company was a complete pleasure. I had booked onto the group training which was to be held at a hotel in Windsor. Unfortunately, due to COVID the hotel had to postpone the scheduled course date. This was swiftly rectified when contacted offering me a free upgrade for their 1-to-1 training course with their Head Trainer Alex with a similar course date. The course itself was an amazing experience and something I will remember for a lifetime, situated at Alex's beautiful home. Alex is a lovely lady, very welcoming, professional and her experience within the industry really showed throughout, tailoring the course to best suite your own personal requirements. I would recommend Polo & Tweed's Silver Service Training Course for anybody who has a passion for the industry or wishes to develop their skills further.

#### **Tea - December 2020 - House Management In Person**

I completed my Household Management course with Polo and Tweed. The CEO of the company was excellent really answering every single one of my lengthily bullet-point questions, before booking about the depth of the course. The training is taught at high quality with detailed and niche modules, nowhere else I had search for would offer, due to Polo and Tweeds individual staff specialism and outstanding international industry experience. I really appreciated the insight my trainer had and how he focused on my existing strengths and skills whilst clearly explaining things I wanted to understand more thoroughly.
